ABOUT US

Established in 1992 on the banks of Narmada River and centre of India , Jabalpur Madhya Pradesh , in line with the escalating demand of plastic pipes and fittings products in the region and its associated territories .

The versatility of plastic pipe systems has made the products of Shri Krishna Rubber Industries a preferred choice for a wide range of applications for water, energy, gas, conduit, sewerage and other industrial applications.

We are one of the leading plastic pipe manufacturers in Madhya Pradesh . We focus on advanced plastic piping solutions, product development, which is how we keep pace with evolving customer needs and changing industry requirements.

VISION

Shri Krishna Rubber Industries exists to provide best quality products and services in accordance with the applicable international standards in the Indian Sub-Continent and the associated territories.

MISSION :

Shri Krishna Rubber Industries has been incorporated with a mission to serve India in its growth journey of rapid infra structural development.

In order to meet market competency requirement, we are determined to provide the best quality product at competitive price and deliver to the customer as per commitments made to them; the management has further intensions to produce new pipe & fitting products to supplement its product range as we differentiate ourselves as the trusted and ideal pipe manufacturer, serving the products at its best in the Global Market. We aim to be the ultimate leader in all aspects of the plastic pipes & fittings manufacturing and remain to be "The Symbol of Quality".

INFRASTRUCTURE

We are backed by a huge infrastructure for manufacturing high quality products. Our facility is well equipped with all the latest and most advanced equipment and machinery for manufacturing the products. Also, we have spacious storing facility for properly storing our manufactured items.

01

State-of-the-art
Manufacturing Unit

02

Investment In Advanced
Technologies

03

100% Virgin Raw Material
And Finished Goods
Inspection, Defects-free
Approach

APPLICATION

- Water Supply Scheme
- Sewage Piping System
- Chemical Industries
- Plant Effluent Disposal
- Waste Water Disposal Pipeline

- Lift Irrigation System
- Agricultural
- Fuel Gas Distribution
- Construction Industry
- Electrical Cable Ducting
- Marine & Dragging Piping

HDPE PIPE

HDPE pipe is known for its high strength to density ratio. HDPE has little branching giving it stronger intermolecular forces and tensile strength than HDPE and more opaque and can withstand somewhat higher temperature.

Size (MM)	20MM to 160MM
Material Grade	PE63, PE80, PE100
Working Pressure	2.5kgf/cm ² to 20kgf/cm ²
SDR	SDR41 to SDR6

HDPE ROLL PIPE

We are enlisted amongst the leading organization in the industry, offering a quality approved range of HDPE Roll Pipe that is delivered in various sizes and dimensions. The entire product range is manufactured with utmost accuracy. Owing to its durable standards and quality.

Customized Size
Available

SPRINKLER PIPE

We are an eminent manufacturer and supplier of a wide collection of HDPE sprinkler pipes. The offered pipes are fabricated using fine quality raw material . These HDPE sprinkler pipes are manufactured by using the finest of the raw material.

SIZE : 63mm, 75mm, 90mm, 110mm
2.5kgf/cm² - 3.2kgf/cm²

SPRINKLER FITTING

Adapter HM Type

Adapter C Type

Adapter Bush HM Type

Adapter Bush C Type

PCR C Type

Bend C Type

Coupler C type

Tee C Type

Y Type

FEATURES & CHARACTERISTICS

- Corrosion Resistance
- Light Weight & Flexible
- Impact Resistance & Tough, Durable
- Smooth Surface-low Pipe Friction Losses
- Long Service Life
- Low Electrical Conductivity
- Environmental Friendly
- Good Weldability

MDPE PIPE

Specification

Materials	– Medium Density Polyethylene (MDPE)
Product Range	– 20mm To 160mm.
Raw Material Grade	– Pe80 & Pe100.
Pressure	– 4kg. To 25kg.
Standard	– As Per Is: 4984:2016 & Iso 4427:2019.
Length	– As Per Requirement
Colour	– Sky Blue, Yellow & Black

RUBBER WASHER

Round Flange Washer

Square Flange Washer

Sprinkler Pipe Ring

Tyton Gasket

FEATURES & CHARACTERISTICS

- Corrosion Resistance
- Light Weight & Flexible
- Impact Resistance & Tough, Durable
- Smooth Surface-low Pipe Friction Losses
- Long Service Life
- Low Electrical Conductivity
- Environmental Friendly
- Good Weldability

QRO
QUALITY RESEARCH ORGANISATION

Certificate of Registration

This is certified that

SHRI KRISHNA RUBBER INDUSTRIES
58/59, INDUSTRIAL ESTATE, ADHARTAL, JABALPUR,
MADHYA PRADESH, 482002, INDIA

has been independently assessed by QRO
and is compliant with the requirement of

ISO 9001:2015
Quality Management System

For the following scope of activities:

MANUFACTURING OF HDPE PIPE, PVC PIPE, MDPE PIPE & FITTINGS

Date of Certification: 17th June 2024
2nd Surveillance Audit Date: 16th June 2026
1st Surveillance Audit Date: 16th June 2025
Certificate Expiry: 16th June 2027

Certificate Number: 30502406171Q
